# Open Top Gas Range

## Installation notes

Adequate ventilation must be provided to supply sufficient fresh air for combustion and to allow easy removal of any such products that may present a risk to health. Please consult current legislation for details that relate to specific locations.

Install unit on a level, fireproof surface in a well-lit, draught free position. If floor is made of a combustible material, local fire requirements must be checked to ensure compliance.

A clearance of 150mm should be observed between appliance and any combustible wall.

## Specification details

Total rating (natural and propane - kW - Nett)	26		
Total rating (natural and propane - btu/hr - gross)	97,600		
Inlet size (natural and propane)	3/4" BSP
