

HOSHIZAKI

FREEZER CABINET 2/1 GN SUF-65EG-R-C-U

MODEL DESIGNATION EXAMPLE:

SUF - 65 EG R C

Legs or Castors

C : Castors Ø 100 mm
L : Legs H = 130-180 mm

Exterior finish

R : Inox AISI 430

Generation and refrigerant

EG : Generation 4 and HC refrigerant

Exterior dimensions

65 : Width 654 mm
135 : Width 1344 mm

Temperature range

SUR : Refrigerator
SUF : Freezer

Option codes:

L : Legs H = 130-180 mm
C : Castors Ø 100 mm

Product code	Product name
--------------	--------------

877000	SUR-65
877010	SUF-65
878000	SUR-135
878010	SUF-135

Product series: Snowflake GII+
Item number: 877010904

Temperature range
-22/-5°C

The Snowflake GII+ series is brought to you by Japanese and Danish engineering excellence, dedicated to simplifying the day-to-day work routines of kitchen staff all around the world.

The technology behind the performance boost of Snowflake GII+ is the tropicalised cooling system enduring up to +40°C. Additionally, the cooling agent of the new generation of Snowflake is the eco-friendly refrigerant R290, a natural gas (HC) that enhances the performance and cuts down energy consumption significantly.

The Snowflake GII SUF-65EG is a 1-door freezer with a net internal volume of 420 Ltr.

As a product that is designed and built to last, this freezer cabinet combines an innovative design concept, premium materials and clever extras:

- Minimum cool air lost: double insulated and extra wide door gaskets help keep the cold air in the cabinet.
- Both interior and exterior are built of stainless steel.
- Anti-tilt mechanism: moulded liners for gastronomy pans and shelves.
- Reversible door for maximum flexibility.
- Removable gaskets and cleaning-free condenser allow you to clean the device thoroughly.
- Accurate, user-friendly digital temperature controls and display.
- Sturdy lockable castors allow easy positioning.
- Automatic defrost maximises efficiency and performance.
- Fan assisted cooling for rapid temperature recovery.
- Secure lockable, self-closing door.

The refrigerant used in all Snowflake GII+ HC models is R290.

This agent is a natural gas which enhances the performance of the freezer cabinet and has, compared to other refrigerants, a minimal global warming potential.

Refrigerant / GWP:
R 290 / 3 - (0.082kg/CO2 eq 0.246kg)

Energy Efficiency Index
EEI: 60.88

Energy consumption
Ecodesign AEC:
2171 kWh/year

Climate class:
5

MODEL	Volume, gross	Net usable volume	Maximum number of shelves	Number of shelves	Connection	Connection load (Watts)	Refrigeration capacity at -25°C	Sound level	Insulation
SUF-65EG-R-C-U	600 ltr	420 ltr	22 distance of 60mm	3	230 V, 50 Hz	430 Watt	495 Watt	56 dB(A)	60mm (cyclopentane)
